Mr. Keith Kiggins,
Manager, Station Relations,
National Broadcasting Co.,
Radio City,
New York, N.Y.

Dear Keith:-

In a recent issue of "Motion Picture Daily" there is a news item to the effect that when four chimes, instead of the customary three, are rung on the networks, that this is a prearranged signal to all NBC crews that something of much importance has happened, necessitating their contacting Headquarters immediately.

Will you please advise us if there is any truth in this statement.

Yours very truly,
Canadian MARCONI Company.

V. J. Nielsen

MANAGER, STATION "CFCF"
and Short-Wave "CFCX"
