

Mr Keith Higgins

July 3 1940

Edgar Kobak

Let's see what we can do about developing a separate set of chimes for the Blug. (Being generous people) will let the Red keep the present chimes. Maybe we can develop our own chimes using the three notes now being used and put on an extra one that means Blue.

Let's play with this one a little bit and develop it before it gets out and we run into a heavy storm of protest. There's nothing like trying.
