

NATIONAL BROADCASTING COMPANY, INC.

INTERDEPARTMENT CORRESPONDENCE

TO Mr E P H James

DATE June 8th 1939

FROM C A Rackey

SUBJECT NBC Outdoor Chimes - Times Square

RECEIVED

JUN 9 1939

E. P. H. JAMES

The attached estimate totalling \$250 covers cost of installing equipment for furnishing NBC chimes signals and a time strike to the loudspeakers associated with the Douglas Leigh sign at Times Square. The program will consist of NBC chimes every fifteen minutes, time strike hourly.

Need for later action

The time striking arrangement which you ordered for the Plaza will be altered to provide the chimes impulse every fifteen minutes. An additional charge of approximately \$40 is involved to which we assume you will have no objection since it is an advantage to have this feature available whether or not we use it at Times Square.
